EDUCATION

Mehran University of Engineering and Technology SZAB Campus, Khairpur Mir's

Bachelor of Engineering (B.E) in Software Engineering

15 August 2023 - Present – www.muetkhp.edu.pk

Paras Public Higher Secondary School Kandiaro

Intermediate (Pre-Engineering)

2021-2023.

PROJECTS

Banking System Project

This C++ project was made by us in the first semester for a banking system with account details stored in a binary file. Users can deposit, withdraw, create, modify, and delete accounts.

Library Management System Project

This Java project was made by us in the second semester and is essential for academic institutions. It helps organize books systematically in libraries. The system records details of books borrowed and returned by students in software for easy access when required.

SKILLS

C++

Java

Python

Git

Machine learning

Mobile Device Management

Data masking

Database Management

Problem-solving

Artificial Intelligence

Critical Thinking

Object Oriented Programming

HONORS & AWARDS

Google Developer Student Finance Lead

LANGUAGES

English,Urdu,Sindhi
